Training Video conference training scheduled for January 25th. Call for more details.

Public Comment - None

Around the table – Peter – wanted to make sure we had the ability within the county to have areas for manufacturing. Mark suggested the old mining sites as they are now manufacturing. There may be limited growth potential in Copper Harbor due to constraints with the sewer and water systems. Ann will contact the Supervisor for his input. Regarding the RV letter, questions were raised regarding the 5A or 10A 100' setback exemption. Ann will look into that as well.
